Campus 4	761	761 ÷ 2,417	31.5%
Campus 5	270	270 ÷ 2,417	11.2%

### Step 2

**Calculate the District Scaled Score for Each Domain Based on the Proportional Weighting of Campus Scaled Scores**

Student Achievement

School Progress

Closing the Gaps

Example: School Progress District Domain Rating

Campus	School Progress Scaled Score	Weight	Points
Campus 1	85	13.8%	11.730

# 2024 & 2025 A-F Accountability Ratings Appeals Process and Timeline

The commissioner of education is required to provide a process for school districts (districts) and open-enrollment charter schools (charter schools) to challenge an agency decision relating to an academic rating that affects the district or school, including a determination of consecutive school years of unacceptable performance ratings (Texas Education Code [TEC], §39.151).

District and charter schools' responsibility for data quality is the cornerstone of a fair and uniform rating determination. District and charter school appeals that challenge the agency's determination of the accountability rating and/or determination of consecutive school years of unacceptable performance ratings are carefully reviewed by an external panel. District superintendents and chief operating officers of charter schools may appeal accountability ratings by following these guidelines.....
